

HM-ET Binder

MICROBIOME AND DETOX SUPPORT*

KEY BENEFITS

- Aids the body's natural ability to detoxify heavy metals and environmental toxins*
- Aids cellular repair*
- Supports mitochondrial health*

PRODUCT DESCRIPTION

HM-ET Binder aids the elimination of toxic heavy metals and environmental toxins.* Mercury, aluminum, lead, glyphosate, and BPAs are just a few examples that are encountered in day-to-day, modern life. These toxins accumulate over time, damaging the terrain of our bodies and hindering mitochondrial function.

HM-ET Binder is primarily designed for clients who are in the intermediate stages of promoting detoxification.* Because of this, HM-ET Binder is typically recommended after a client has already introduced BioToxin Binder and ViRadChem Binder to their routine.

LABEL INFORMATION

Directions: Take 1 capsule twice daily or as otherwise directed by a healthcare practitioner. Can be taken with or without food.

CAUTION: Please consult your healthcare practitioner before use if you are pregnant, breastfeeding, or considering use for a child. This product contains natural compounds that can potentially have a characteristic smell and taste. Store in a cool, dry place.

KEEP OUT OF REACH OF CHILDREN.

WARNING: Consuming this product can expose you to chemicals including lead, which is known to the State of California to cause birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov/food.

***This statement has not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.**

Formulated with BioActive Carbon® Technology

BioActive Carbon® Technology is a proprietary blend of fulvic and humic acids, that support cellular repair and the body's natural ability to detoxify.* With a low pH, BioActive Carbon® Technology also helps protect ingredients from being digested by stomach acid, so that they remain intact as they enter the desired location in the body.*
